

Christmas thimbles

A-M

I used to have a thimble stall at a series of collectables fairs where one of the pre-requisites was to produce a display. The fairs were themed and one of my most popular displays featured Christmas thimbles. It was fairly simple, using a small Christmas tree as the backdrop and displaying the colourful thimbles that usually depict Christmas. From that display seeds were sown as to how easy it was to have a collection within a collection. Thimble collecting with a theme is really popular. One of the most collectable is the annual Christmas thimble.

Commemorative thimbles have to always include a date. However, not all Christmas thimbles are commemoratives. So, I will be including both Christmas commemoratives and those just with a Christmas theme.

It is often difficult to establish a start and/or finish date for a specific series - hence this alphabetic listing. This series of thimbles is not confined to china, ceramic or porcelain: it also includes pewter, sterling silver and wood.

Almost every thimble maker in the collectables' thimble era (1970s-) has attempted at least one Christmas thimble. **235** are featured to date (2024)

The Twelve days of Christmas sets are not included. Some of the brands below are not dated, but they originate for the specific Christmas listed. Hand-painted Christmas thimbles by single artists (even with no date) are included here - so that they are not lost.

You may not agree but I have included snowmen thimbles. They fit in with the theme. They are usually figurals.

The topics covered in this massive cross-section of Christmas thimbles are as broad as nativity scenes and others from the Bible, with the holy family; angels, carol singing, santa and snowmen; snowy scenes with tobogganing, gift giving, Christmas stockings of toys, decorating the Christmas tree: churches large and small; décor associated with the Christmas period like holly and mistletoe, candles and Christmas bells and the Christmas star.

You will notice many decals appear on more than one brand!!

Where only the initials are known, the thimblemaker will be filed under the last of the initials ie JS will be filed at the start of the S section - unless the initials are the name of the brand (MG and MOT file in the M section).

Right at the end of the alphabetical listing, there is a section of unknown makers, tho the Christmas thimbles are dated.

Additionally, there is now a section that are undated and have no known maker. Where the thimble isn't actually dated, I have used square brackets around the date, so that there is some record of when it was created.

Please share if you know details of the maker.
